## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 10-12 to made non-elected without traverse. Accordingly, claims 10-12 have been cancelled.

In line 1 of claims 5-7, replace "4" with --1--.

In line 18 of claim 8, replace "said portion" with --a portion of said extension--.

### **REASONS FOR ALLOWANCE**

Claims 1-3, 5-9, 13-16 and 18-20 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose the combination of all the limitations recited, including a mounting plate defining a plurality of adhesive flow openings therethrough, an extension generally perpendicular to the mounting plate and extending substantially along the entire length of the mounting plate and a portion of said extension generally parallel to the mounting plate and spaced therefrom or wherein the mounting plate and the extension and a portion of the extension form a Z shape.

Therefore, the amended limitation together with the overall structure of the heat sink assembly is neither anticipated nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
